1957 Fiat 500

We have to offer a very rare 1957 Fiat 500, built in July 1957 at the Fiat factory Italy, in Verde Chiaro (clear green). This car is in superb condition with all its relevant Italian documentation and new UK V5. Still has original tool kit, spare wheel and a 1950's commemorative watch issued at time of purchase. 479cc manual with 23338km on the speedo. The perfect classic car to own, use and show off.
