1961 Lotus 20/22#20-J-881

This Formula Junior chassis #881 was supplied new to the Jim Russell Driving School where it was upgraded to full Lotus 22 specification. In early 1966 it was acquired by film makers MGM for use in the filming of the block buster movie "Grand Prix". This particular car was dressed up at as a BRM and driven by movie star James Garner, and still displays his signature on the dashboard. The car has been known to us for over ten years and maintain here, a very competitive entry for any of the incredibly popular worldwide Formula Junior series, recently ran in the Both National and Lurani Championship rounds. The car is ready to race and fitted with a Dyno fresh latest specification Geoff Richardson engine and has current HTP paperwork.
