1975 Williams FW04#2

The Frank Williams racing team debuted the Williams FW04 Chassis #1 and #2 in 1975. Chassis #1 at the Spanish Grand Prix and chassis 2 at the end of the season for the Watkin Glen Grand Prix driven by the very fast lady driver Lella Lombardi, sadly retiring with reliability issues. This iconic car represents a perfect entry for those looking to be competitive in a car eligible for Masters F1 and historic Monaco. HTP papers valid until 2027. Beautifully restored to the side-radiator US Grand Prix specification.
